# INTRODUCTION
# AND
# GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Burlington and Graham City Directory since 1935), present to subscribers and the general public, this, the 1959 edition of the Burlington and Graham City Directory, which also includes Alamance, Elon College, Glen Raven, Haw River and Hopedale.

Confidence in the growth of Burlington and Graham's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Burlington and Graham to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Burlington and Graham Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of Burlington and Graham, arranged in alphabetical order under appropriate headings—a catalog of all the activities of Burlington and Graham. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In progressive communities like Burlington and Graham, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Burlington, Graham, Alamance, Elon College, Glen Raven, Haw River and Hopedale, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department

### Community Publicity

The Directory reflects the achievements and ambitions of the community,

depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Burlington, Graham and vicinity.

**The Burlington and Graham Out-Of Town City Directory Library**

Through the courtesy of the publishers of the Burlington and Graham City Directory, a Directory Library is maintained in the offices of the Burlington Chamber of Commerce, Inc, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

## IN THE PIEDMONT REGION

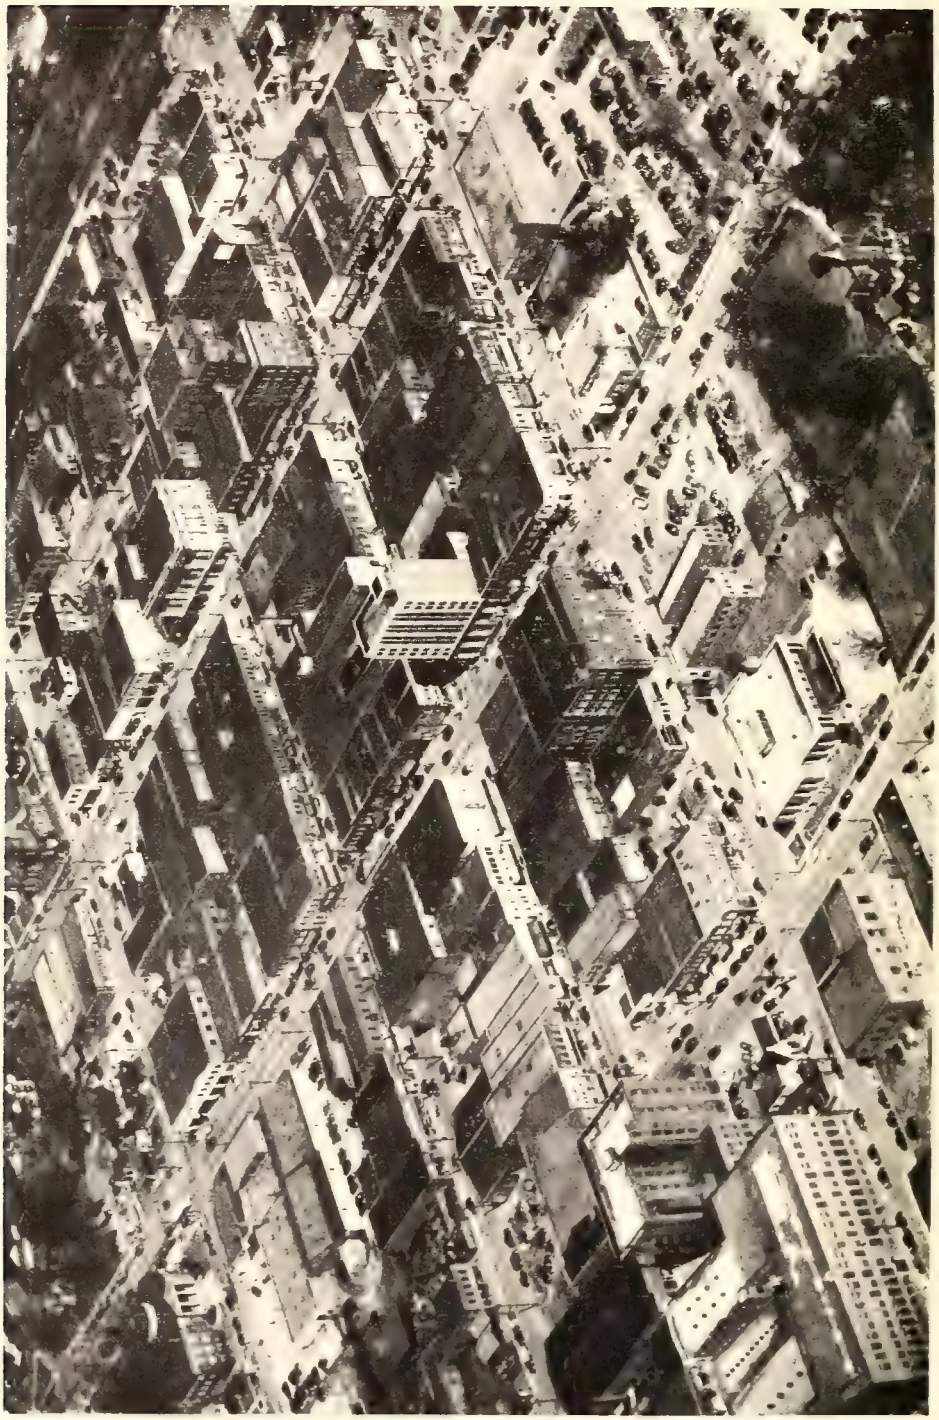

### Availibility

Within 600 miles from the boundaries of Piedmont Carolinas lie New York, Chicago, Philadelphia, Detroit, Cleveland, Pittsburgh, St. Louis. Little Rock, New Orleans and Miami.

In other words, any part of this section is only about one day's railroad travel from the nation's chief centers of population and industry—a consideration that counts heavily in the distribution and marketing of manufactured goods.

From any part of the Piedmont it is only a few hours by automobile over modern paved roads to the wonderful recreational facilities of the mountains in

the western Carolinas, to the world-known resorts in the Sandhills-internationally famous for their golf courses-and to the great seaside resorts along the Atlantic Coast.

### Labor

Greater than any other resource of Piedmont Carolinas is the character of its men and women. This has made the industrial development possible and attracted a host of manufacturers.

Long before the Revolution these pioneers ranged down the valleys of the Appalachians from Pennsylvania, Maryland and other states. Largely of English stock, with admixtures of German and Scotch-Irish, they settled in the hilly Piedmont section. Their descendants are true to those early traditions. They are energetic and ambitious. It is these qualities that years ago overcame the handicap of debt and stagnation left by the Civil War. They are keen to take their place in the forefront of the nation's development.

Manufacturers coming from older, over-industrialized sections, have been struck by the ready intelligence of these people, their eagerness to be taught, and their loyalty.

### National Market

Piedmont Carolinas is 300 miles closer to the country's center of population than, for example, New York City. Based on the Life Insurance Sales Research Bureau studies, careful percentages have been worked out for every county in the U. S. in terms of ability to buy.

A 600-mile circle (the economical marketing radius) center on New York reaches 44.5 per cent of the national purchasing power. Centered on areas farther north and east, a smaller proportion of the national market will be included.

A similar circle drawn from Piedmont Carolinas embraces 66.8 per cent of the country's purchasing power—a 50 per cent greater availability to the national market.

### Cost of Living

It has been estimated by one authority that the cost of living averages each Piedmont workman several dollars per week less than an equal standard of living costs in more highly industrialized parts of the country. Houses cost less; food costs less. The mild climate requires lower fuel and clothing costs. Naturally labor costs less.

## CIVIC FEATURES

### Location and Area

Alamance County is located in the famous rapidly-developing industrial area known as the Piedmont Section. It lies between north latitude 35 degrees 52 minutes and 36 degrees 17 minutes and west longitude 79 degrees 16 minutes and 79 degrees 34 minutes, in the north central section of the state. (Burlington's altitude is 656 feet). The county has 492 square miles land area, or 314,880 acres.

### History and Peoples

The following is quoted from a study by John W. Harden, entitled "Alamance County: Economic and Social," and published by the University of North Carolina: "It is not known exactly when the early settlers came to the region which is now Alamance County, but in 1700, when Lawson, an English explorer and adventurer, journeyed through this locality, he found it heavily forested and in the hands of the Saxaphaw Indians, with only a few scattered whites present."

"It seems that this section of the state was first settled by emigrants from the Rhine River section of Germany, known as the Palatine."

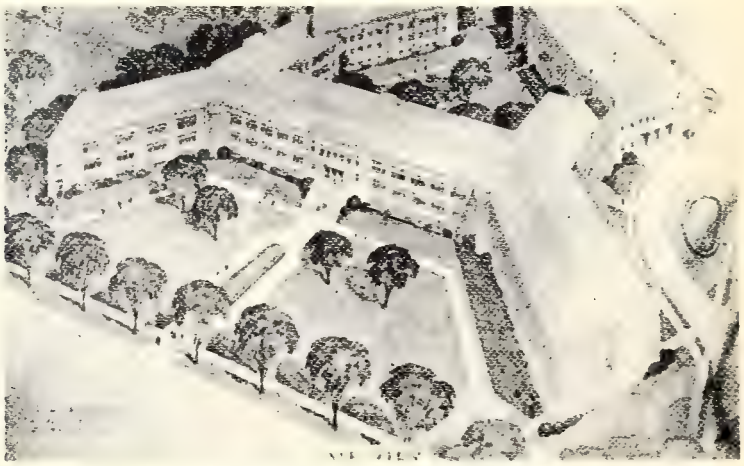

"These early settlers were augmented in 1720 by immigration of settlers from the North, and it was this movement that gave the region its first white in-

habitants in any number. These came from Virginia, Maryland, Pennsylvania, New Jersey, and even the more distant New England. The newcomers were mostly Scotch-Irish, German and English families, the last being mainly Quaker in religion."

### Population

In 1930 the population within Burlington's city limits was 9,737, with several thousand in the immediate suburbs. According to the 1950 U. S. Census, the city's population was 24,560.

Within a two-mile radius of the City Hall there are now 40,000, while a four-mile radius will take in over 50,000, or over 50 per cent of the population of the entire county.

The following are 1950 population percentages for Burlington:

| | |
|---|---|
| Native white | 88.0 per cent |
| Foreign-born white | 0.6 per cent |
| Negro | 11.4 per cent |
| Total native-born | 99.4 per cent |

The population of Alamance County during the 1940-1950 decade increased 25 per cent, while the population of Burlington increased 100 per cent.

**First Baptist Church**

## Churches

The essential religious atmosphere of the community and its influence on Burlington's citizenship are indicated by the presence of 41 churches (35 white

and 6 colored), including all leading denominations, this being a ratio of one church to every 600 of the population. Total membership in local churches is around 19,000.

### Education

COLLEGES AND UNIVERSITIES—Within a two-hour automobile ride of Burlington, within North Carolina, are at least seventeen white colleges and universities of the first rank, and several within this radius in the neighboring state of Virginia, making a total of more than twenty. Of these, four are State institutions and ten are denominational. There also are a number of Negro educational institutions, State, denominational and private, within the same area.

Elon College, supported by the Congregational-Christian Church, is located four miles from Burlington, and is one of the best equipped educational institutions in the state, as to buildings, strength of faculty, and equipment.

CITY SCHOOLS—The Burlington city public schools rank among the best in the state. The local school district has 20 buildings, of which 15 are white and 5 Negro, the district embracing Burlington and its suburbs. At the close of 1958 the faculty consisted of 313 teachers, the enrollment of students being a total of 8,475. Classroom and laboratory equipment, library, auditorium, gymnasium and playground facilities are adequate.

The public school system is governed by a local Board of Education and a superintendent under the supervision of the State School Commission, and is financed principally from State funds, the State having assumed the support of all public schools through a state-wide system set up in 1933 by legislative act.

Burlington has a business college giving commercial classes, bookkeeping and stenographic instruction.
There are also several private kindergartens and a parochial school.

LIBRARY—A public library, supported by the city and county has 43,000 volumes, while the circulation for home use in one year totaled 140,000. This does not include use within branch school libraries.

### Recreation

Burlington is within a few hours' ride of the noted beach resorts along the coast, the nationally-known sandhill resorts around Southern Pines and Pinehurst, and the far-famed summer mountain resorts surrounding Asheville, in the western part of the state.

There are many game preserves in the area. Bear and deer are found in coastal and mountain counties. Raccoons, foxes, opossums, quail, and rabbits are available throughout the state. Brant, ducks, geese and other migratory birds winter in large numbers on the coast and there is also excellent fishing along the coastal sounds and in the lakes and streams of the interior.

Within an easily-accessible distance of Burlington are excellent hunting and many streams and lakes for fishing.

Within the city are playgrounds at each of the schools, baseball and football fields, several parks, a number of tennis courts, the Alamance Country Club with an excellent 18-hole golf course, a new 18-hole public golf course, "Shamrock", three theatres, and a year-round recreation commission program. A large park with stadium, swimming pool and complete recreational facilities are available for the public.

Burlington has a new community center operating as a YMCA offering an organized recreational program for men, women, and children.

## COMMERCIAL FEATURES

### Trade Area

Burlington's retail and wholesale trade area covers a radius of 15 to 20 miles, including all of Alamance County and parts of the 5 adjoining counties, this area having a population of over 125,000.

**Alamance County Hospital**

The volume of retail business in Alamance County, was $80,963,000 in 1957 and of this amount, Burlington's stores did a retail volume of $56,785,000. Burlington ranks 13th in population in the state, but rated 10th in retail sales. Per capita annual income for Burlington is $1,804, and per family, $6,365. The city is rated 10th among North Carolina cities in effective buying income, 4th per capita and 5th per family.

### Local Stores

A recent survey of the nearby trade area indicated the decided preference of customers within Burlington's area for patronizing local stores, because of the excellent quality and service, the variety and the prices of commodities, which compared favorably with those of cities much larger. There is a very small percentage of mail-order and out-of-town shopping. Approximately 88.4 per cent of those in the Burlington area buy in Burlington.

### Hotels

The city has two commercial hotels—the Alamance, with a capacity of 200, there being a total of 85 rooms (24 double and 61 single), all with bath; on the first floor a dining-room, on the mezzanine a private dining-room, and a ball-room on the second floor; and the Piedmont Hotel, with a capacity of 100, having a total of 68 rooms, of which 53 are single and 15 double, some with bath and some without. There are several good motels in or near Burlington.

There also are a large number of private rooming houses and boarding houses, as well as ten apartment houses.

### Financial Institutions

Two commercial and two industrial banks. Two building and loan associations. Twelve personal small-loan companies within the city, which are in position to handle local commercial and financing needs along sound lines.

### Transportation

RAIL—Railway passenger and freight service over the Southern Railway lines connects with all other rail routes, there being three passenger trains each way daily, with through Pullman and sleeper service to important points. Burlington is only one night out of New York by rail.

Freight service time between Burlington and New York, Philadelphia, Baltimore

| | |
|---|---|
| Knoxville | Two days |
| Savannah and Atlanta | Three days |
| New Orleans | Four days |
| Memphis | Four days |
| Chicago | Five days |

Six package cars operate daily to junction points. Daily through freight service is furnished on three of four trains each way. Local freight service both ways every other day, switching service to and from Greensboro each day except Saturday. Local side-trackage sufficient for some 600 cars.

EXPRESS—Adequate express facilities are furnished by the Railway Express Agency. Express delivery time: Between Burlington and New York City, 16 to 17 hours; Washington, eleven hours; and other major points on schedules equally prompt proportionate to distance.

BUS—Hourly passenger bus schedules are maintained in every direction, making connections for all points, while several short-line bus services are in operation to nearby towns and a local bus service operates on regular routes within the city and to nearby industrial sections. There is, of course, adequate local taxicab service.

MOTOR TRUCK—Twelve long-distance motor truck freight lines with local terminals operate from or through Burlington on daily schedules north and south to the larger cities, making connections for Western and Eastern cities.

AIRPLANE—A commercial airport, operated by the Burlington Flying Service, located two miles west of the city's business section, is equipped with two hangars, and has repair service and other supply facilities, telephone, taxi and bus connections with the city, with several passenger planes available on the field, making possible connections with the major established air mail and passenger routes. Fairchild Field, east of the city, is operated by the Alamance Flying Service.

## INDUSTRY

Alamance County's industrial history dates from the year 1837, when Edwin M. Holt, who was born and reared in the county, established a cotton mill on the Alamance Creek, four miles southwest of Burlington.

About 1854 this mill began the production of colored woven cotton fabrics, the first in the South to produce this material.

In 1887, when Burlington acquired its name, there were 3 cotton mills, 1 coffin factory, and a few smaller plants. Today there are 65 hosiery mills, 19 other textile mills and 53 miscellaneous plants—a total of 137 industrial plants in a community with a population of 32,000.

Industrial expansion has been steady. The Lafayette Mills were established in 1881; the E. M. Holt Plaid Mills in 1883; the Lakeside Mills in 1893. In other parts of the county the older plants include the White Furniture Company, established in 1881; Durham Hosiery Mills, in 1898, and Virginia Cotton Mills, in 1894.

Burlington has become known as the hosiery center of the country. The first hosiery mill here, the Daisy, was established in 1896, followed a few years later by Burlington Knitting Co., Whitehead Hosiery Mill, Sellers Hosiery Mill, May Hosiery Mills, and McEwen Knitting Mills—the last being the first in the section to manufacture full-fashioned hose. These were followed by many others, most of which are still operating.

Beginning in 1923, with the establishment here of Burlington Mills, the rapid expansion of this group of plants, now numbering 11 in and near the city with some 100 in other cities in the area, has brought the weaving industry to the forefront, making the city known for dress goods, art silk, tapestries, and other cotton, rayon and silk fabrics, as well as for hosiery.

Western Electric Company came to Burlington in 1946 and since that time has grown until they now employ approximately 4,000 people in the Burlington plant.

Other industrial lines represented by local manufacturing plants are lumber, building materials, brick and stone, insecticides, disinfectants, caskets, soft drinks, ice, mixed feeds, dairy products, baking, printing, proprietary medicines, cosmetics, gas, paper boxes, foundry and machine shops, foods and textile supplies.

Industrial Payrolls in the Burlington area average well over $90,000,000 annually, with 19,000 persons employed.

***DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?***

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

## CONSULT YOUR DIRECTORY FIRST

# DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight — Out of Mind — Out of Business**
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

**Insist on Being Well Represented in Its Pages**

Out of Sight — Out of Mind — Out of Business

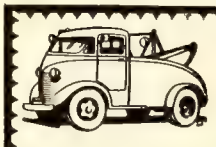

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

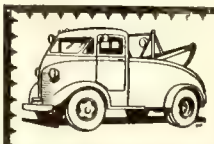

Insist on Being Well Represented in Its Pages

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

## Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

# 1959

Including Alamance, Elon College, Glen Raven, Haw River and Hopedale

Copyright, 1959, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

# CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

**Comparing present amount of business obtained in a given area with possible maximum business in that area.** The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's call on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

**Determining proper official to approach for sales interview.** The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

**Determining parts of city best suited for increasing business.** The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given, radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmanagers, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
   Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# FOR EVERY BUSINESS

### d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

### e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete **classified business section** in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk(*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

**The Alphabetical Directory lists**—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

**The Householders' Street Directory** shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

**The Classified Business Directory** shows all business in the city arranged under heading most descriptive of the nature of the business.

# Don't Contribute to Counterfeiters KNOW YOUR MONEY!

# Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

**The Government never redeems counterfeit money!**

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

| | |
|---|---|
| PORTRAIT | *Counterfeit*–Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background. |
| | *Genuine*–Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines. |
| COLORED SEAL | *Counterfeit*–Saw-tooth points around rim are usually uneven, broken off. |
| | *Genuine*–Saw-tooth points around rim are even and sharp. |
| SERIAL NUMBERS | *Counterfeit*–Poorly printed, badly spaced, uneven in appearance. |
| | *Genuine*–Figures firmly and evenly printed, well spaced. |
| PAPER | *Counterfeit*–Generally has no silk threads, but these may be imitated by very small red and blue ink lines. |
| | *Genuine*–Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn. |

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U.S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10¢ each, or $7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D.C.

# Out of Sight--Out of Mind

# ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

Would be constantly before the public – the buyers – twenty-four hours a day – three hundred and sixty-five days a year – every year.

*Think it over*

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**

# A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
